ZONGULDAK

The major center of coal production in Anatolia, Zonguldak has developed rapidly after coal had been found here. It is also an important port in the Black Sea.

ZONGULDAK

Çaycuma yoghurt has become a symbol reflecting the culture of people from Çaycuma which is also a district of Zonguldak.

Devrek Walking Stick has a magnificent handicraft ornamentation with its rich handle variety and rich embroideries on its body.

Elpek cloth is one of the elements representing Ereğli. This cloth has been produced for years and it has become a tradition in here.

Ottoman strawberry grows only in Black Sea Ereğli and today it is one of the most important symbols of the city.

EREĞLİ

Ereğli is a district of Zonguldak. It has Ereğli Iron-Steel factory and most of the people work in here. It is also a small port city.

Monuments

The vision of our city; peace monument symbolizing the principle of love, peace and friendship.

Uzun Mehmet, who found stone coal in Ereğli in 1830 and accelerated industrialization.

Atatürk Monument in the city square where official ceremonies were held.

SCULPTURE

The Ottoman strawberry is one of the most important symbol of Ereğli. Medium-sized, colorful hangover, richly flavored and fragrant. The beautiful Ottoman strawberry adventure in Ereğli goes back to the early 1900s.

Hercules, according to Greek mythology, has a divine power and is one of the most powerful people known. Hercules is also known for rescuing people in danger or distress.

Hellmouth Caves

The last and most difficult of the twelve missions given by King Eurystheus to Heracles (Hercules), symbolizing the invincible strength of man to resist and attack nature, is the abduction of the Hellhound Cerberus from the Land of the Dead (Hades), where no mortal can ever return. Heracles comes to Kdz.Ereğli with the Argo Shippers who set out to search for the Golden Fleece, and with the help of Hermes and Athena, he brings Kerberus to the earth. When Eurystheus was terrified when he saw Cerberus, Heracles released him back to the Land of the Dead. The place where Heracles descended to the Land of the Dead to kidnap Cerberus is the Hellague Caves.

Historical Building

The City Museum Building, which was put into service on December 2, 2014 by the Municipality of Kdz.Ereğli with the support of the Western Black Sea Development Agency, is a masonry building built in the 19th century.

Karadeniz Ereğli Museum, known as Halil Pasha Mansion, serves in a ground + three storey plan type with a middle sofa and a masonry structure

The first and only naval battle of the War of Independence was fought in Black Sea Ereğli. In order to keep this historically significant event alive, an exact sample of the Gazi Alemdar Ship was made and opened as a museum on 08.08.2008

Historical Building

Military is in the zone. On the back of the hill to the north of this area reached 150-160 meters above sea level, rising slightly. In ancient times this hill with steep slopes to the sea BC Heraclea was founded in the 4th century by **Klearchos Pontike** the first acropolis. There is a cistern in the castle. Cure under water inside the walls of the castle is covered with a red hydraulic mortar. Also high seating groups in the area, is located in the towers and walls.
